

SENATOR PIA S. CAYETANO

Chairperson, Committee on Ways and Means
Senate of the Philippines
Diokno Boulevard, Pasay City

Subject : DOF partial data submission to the Urgent Request of the Senate Committee on Ways and Means' Petroleum taxes data request

Dear **Senator Cayetano**:

In response to your request related to taxes imposed on petroleum products, we are providing the following information as a partial submission of the Department of Finance (DOF):

1. Excise tax collection on locally produced (2015-2021) and imported petroleum products (2015-2025¹) (**Annex A**);
2. VAT collection on imported petroleum products, 2015-2025² (**Annex B**);
3. Volume of removals on locally produced (2015-2021) and imported petroleum products (2015-2025³) (**Annex C**);
4. 2023 family expenditure on transportation across low-income, middle-income, and high-income households (**Annex D**);
5. Comparison with ASEAN petroleum tax policies and international best practices (**Annex E**); and
6. Estimated revenue impact of the proposed suspension (in PHP million) from 2025-2030 (**Annex F**)

We understand that these data are necessary for the Committee's review and study of the different Senate Bills that have provisions affecting excise tax and value-added tax on petroleum products.

We apologize for not submitting the complete data as the remaining information requires more time for consolidation and data processing. However, we believe that this initial submission would already provide valuable information for your review.

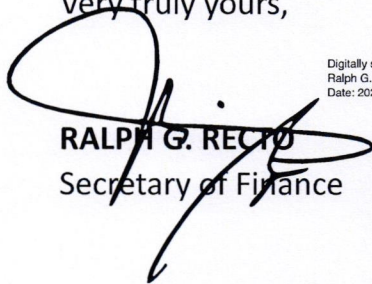

¹ Excise tax collection data from January to June 2025

² VAT collection data from January to June 2025

³ Volume of removals data from January to June 2025

Thank you very much.

Very truly yours,

RALPH G. RECTO
Secretary of Finance
